

Mr. Harold Weisberg

Dear Mr. Weisberg:

Reference is made to your letters of October 5 and 6 and December 2, 1968.

We regret the delay in replying to your letters.

As you will recall, the PC 10 file was made available to you in the National Archives for you to obtain any information from it you wished in regard to dates on which court reporters took notes of Warren Commission proceedings.

The transcript of the executive session of the Commission on January 27, 1964, contains information concerning Government investigative planning and procedure. As such, it is a part of investigatory files compiled for law enforcement purposes and is not available for release.

We have not furnished you a list of the subject matter in this transcript because the work of providing reference service to researchers concerning documents that are available for research consumes quite enough time, and we do not go into documents that are withheld from research to provide information from them.

We have sent you copies of the reports of interviews with Malcolm J. Hoy and Jimmy Bosch.

The autopsy photographs of Lee Harvey Oswald are medical files, the disclosure of which would constitute a clearly unwarranted invasion of the personal privacy of the members of the family of Lee Harvey Oswald. Accordingly they are not available for release.

Enclosed is a copy of page 13 of Commission Document 301.

The two pages bearing "notes actually made in the room in which the examination was taking place" that are mentioned in Dr. J. J. Humes's testimony are reproduced in XVII Hearings 45-46. Copies of these pages have been furnished to you. We do ^{not know} ~~not know~~ of any other notes of this kind. X

The citations which we requested you to give in our letter of November 19 are those sources which you have found in your research, particularly citations to places in the Hearings of the Commission where Wesley J. Liebeler alludes to a change of address card as having been mailed after Lee Harvey Oswald left New Orleans.

We will make records of the Commission available to you in our research rooms in order that you can search for reports ⁱⁿ ~~in~~ interviews with postal employees in New Orleans. No material relating to Richmond Tankersley has been located under his name. X

We do not know of any declassification of documents relating to the interception of Oswald's mail. If you will send us a copy of the column or a complete quotation of the relevant passage in the Paul Scott - Robert Allen column to which you refer, we may be able to assist you. X

~~As we informed you in our letter of November 14, we have no further comment to add to the answers which have already been given to the questions raised in past correspondence.~~

Sincerely,

JBRHOADS
